NODDIAU / NOTES:

Final Answer (see Part 1) must include a **Statement of Compliance** (or Certified Affidavit) from TTSI that includes: (a) a copy of the TTSI User Agreement; (b) a statement that you have read and understood the TTSI User Agreement; and (c) a statement that you will not use the TTSI system to commit or facilitate any illegal acts. All correspondence, markings must be provided in accordance with the TTSI Terms and General Conditions. 2022, the TTSI Online Matrix Charter(s), as may be amended by the Government contracting drawings, shall govern.

What dimension must increase on top of the original?
All dimensions are in inches unless stated.

Provide detailed description (not just a copy/paste). We needed 1 more 1/2" height. Preexisting cylinder assembly is 10" tall. New cylinder is 10" tall. Total height is 10" + 1/2" = 10 1/2".
To achieve space, we increased the cylinder height. We can see on the old Data Transparency plan memo "unfilled flange" - they did not add the 1/2" height.
