

TIME TO TALK

Listen to me - Teddy bears circle

Make a circle using your child's teddy bears or dolls.

- Playing with your child improves the bond between you
- Teach your child to take turns by playing with each teddy or doll and practice talking and listening
- Allow time for your child to copy your words and respond
- This activity can help your child develop their storytelling skills
- You can talk about everyday routines, feelings or maybe something you are struggling with at home
