

TIME TO TALK

Talk to me - Using a sock puppet

Make sock puppets and use them to chat to each other.

You'll need:

- An old sock each
- Glue
- Wool or other materials for the hair
- Cotton wool or googly eyes and other materials for features

Why not?

- Use different coloured socks to make a collection of sock puppet characters?
This will also help with your child recognising different colours

TIME TO TALK - Talk to me - Using a sock puppet

- Talk about how the puppet is feeling (are they happy or sad, tired or grumpy?). This will help your child to understand and name their emotions
- Use different voices for each character. This can be lots of fun!

The benefits of this activity:

- Playing with your child improves the bond between you
- Making the puppet will help with your child's creativity
- Using the puppet will help develop your child's imagination and storytelling skills
- This will teach your child about taking turns

CAUTION:
Close supervision
is needed with
small parts!
